Scores

There are a number of methods for entering the score. You can type directly in the boxes provided on the results display panel.

Stockholm 1	0 0	Ho Chi Minh 1
Joane Ahrens (30693101) + Reinhold Blamire (30173574)	1 0 6 3 <input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/>	Cleopatra Reams (30593069) + Annice Estable (30512239)

You can open the score panel in the results entry panel by clicking on the score button.

Then click on any of the buttons displayed. These buttons provide the most common score options at a click.

The score on the button you click will be entered in the next empty score boxes.

You can also type a score in the "Custom Scores" section and click on the "Apply Score" button.

This will also add the typed score to the score panel.

If an incorrect score has been entered the score can be cleared by clicking on the button that is visible to the right of the score when you move the mouse cursor over the match row.

Tie Breaks

Tie break results can be entered in two ways, e.g., as 7-6 or 6-6(7-5).

If you wish to enter 7-6 it can be done in the standard way (see Score section).

If you want to enter a score in the format 6-6(7-5), first type in 6-6 as the score. You will then see two rounded boxes underneath the 6-6 score where you can enter the tiebreak score as 7-5.

Walkovers and Retirements

To mark a player retired click on the "ret." button that can be seen when you move the mouse cursor over the match. The button to the left of team 1 will mark the players for team 1 as retired, the button to the right of team 2 will mark the players for team 2 as retired. This button is disabled when a full 3 set score has been entered. If the final set has not been completed the button is still available.

The walkover buttons can be used to give players a walkover. These buttons are disabled once a score has been entered for a match. The button to the left of team 1 will give a walkover to the players on team 1. The button to the right of team 2 will give a walkover to the players on team 2.

If a player retires or receives a walkover, this result will be displayed in text in the middle where the score boxes are.
